

Help Me Find My Voice

Module 2: Building therapeutic rapport, planning intervention and goal development

The National Standards Report (2015) notes the need for collaborative services

Strategies for setting up collaborative services

- Build rapport with members of the team

- Go over communication based goals with the team

- Reinforce team members for hard work

Parents as part of the team

- Be specific with progress reporting

- Use therapy videos to share if allowed

Goal Development

Shared Goals

- Allow us to have a narrow focus and work towards common goals

Be specific

Quantify to show progress (Val will label when shown a picture of an item (a total of 12) with 90% accuracy, over 2 consecutive sessions.

Building therapeutic rapport

Use a preference assessment when the student has limited reinforcers
