

# **Help Me Find My Voice**

## **Module 5: Systematic and Embedded Language Instruction**

### **Build and Generalize Model**

How can we help students increase their language skills and generalize them

### **Generalization**

People

Materials

Environments

### **Labeling**

Preferred items

Functional items

Actions

Action object combination

### **Listener Responding**

Working on functional one step directions

### **Matching**

Important skill for learning readiness

### **Echoics**

Important to target for early learners

I like the Kaufman cards or work on words by syllable complexity

## **Leisure Skills**

Do you need to directly teach these skills?

Can the activity be modified for the learner

Simon Says- it is always simon says

Musical Chairs - never take a chair away

Uno - match by color

Memory - have all of the cards facing up
